DIRECTORS TO EXPLAIN SYSTEM

DIRECTORS OF MUNICIPAL WATER DISTRICT DECIDE TO INAUGURATE A CAMPAIGN OF PUBLICITY SO THAT ELECTORS WILL KNOW WHAT IS INTENDED

FULL SCOPE OF GIGANTIC PLANS FOR WATER SYSTEM TO BE EXPLAINED AT PUBLIC MEETINGS TO BE HELD IN CITY HALL FROM TIME TO TIME

The directors of the municipal water district held a meeting in the city hall last evening with all members present. President Levi Boswell presided.

The time was taken up with a discussion as to methods to be adopted to acquaint the people of the city just what is planned in the way of a municipal water system for Richmond. Before the matter of voting bonds to secure the needed money for Richmond's water works is placed before the electors of the district for their vote it is proposed to have every detail of the project fully explained at a series of public meetings to be held in different parts of the city.

To this end President Boswell appointed the following committee: J. B. Willis, A. J. Timmons, D. J. Hall, Engineer Tibbitts and J. S. Chandler. The committee will at once communicate with the different women's clubs of Richmond, and civic organizations for the purpose of arranging meetings when the water project will be discussed in all its phases.

A campaign of publicity has heretofore been impossible owing to the fact that the engineer's plans had not been accessible.

DESTITUTE FAMILY IS HELPED BY CHURCH

The colporteurs working for the Calvary Baptist church, while making their rounds in Richmond yesterday, discovered a destitute family living on Seventh street, in a house owned by Otto Mueller.

The family consists of husband, wife and three small children. The husband's name is G. Hoising, and recently came to Richmond from Sacramento to get work. He has been unsuccessful in his efforts, although he is willing to do anything to make an honest living.

Rev. W. S. Stewart immediately went out to the home of the family on receiving the report of his colporteurs and ascertained that clothing and food are sadly needed. He sent out a quantity of food to the family and will make an effort to interest charitably inclined people to assist these worthy people. The head of the family needs employment. He is willing, as we said before, to do anything. Will some kindly disposed person who is looking forward to a happy Christmas and a bountiful New Year heed the cry of the needy and give this man employment?

Life is short, even if you live your allotted three-score years and ten, and perhaps your future happiness will greatly depend on the number of good works performed in this life. Here is a chance to help your brother. See Rev. W. S. Stewart at the Calvary Baptist church parsonage, who will explain the needs of this family.

FREE SEEDS AT PUBLIC LIBRARY

Librarian Wilsey, of the Richmond public library, states that she has a quantity of free seeds for distribution, received from Washington through the courtesy of Congressman C. F. Curry. They will be given to parties calling until the supply is exhausted.

We remember the happy days of childhood so well that even now a school bell wouldn't sound as good as a dinner bell.

GREAT SALE OF CLOTHING TO START AT KURTZ' TOMORROW

The great sale of clothing at Kurtz' store on Macdonald avenue, near Fifth street, starts tomorrow morning.

Mr. Kurtz' store has built up an enviable reputation for selling good clothes, so this sale means much for the men of this city. This is the first sale ever held by this store, and Mr. Kurtz wants it thoroughly understood that only the high class clothing he has always carried is offered in it. The famous Style-Plus suits and overcoats that are sold the world over at \$17.00 will be sold at \$14.95, and still greater reductions are made on other makes, among which is the popular "Society Brand Clothes," the excellent quality of which is known to most of the men in this city.

The only reason given for the sale is an overstocking for this season. More than double the amount of suits and overcoats have been purchased than for any previous time. The backwardness of the season finds many more of these garments on hand than should be at this time of the year, and finding a loss confronting him, Mr. Kurtz says he is going to take it now, while he can give the men of Richmond an opportunity to profit by it when it will do them the most good.

Every garment in the sale is guaranteed new and thoroughly up-to-date, and considering this, the reductions are nothing short of marvelous. By looking for the advertisement that appears in this issue of the Record-Herald full details of the sale may be learned.

RILEY GIVES TESTIMONY IN DEFENSE OF HINDU MURDERER

MARTINEZ, Dec. 12.—Charles Riley, the teamster of Stock, whose name, Rosa Domingo, the murdered girl, at one time took and who was a close friend of both the girl and her confessed slayer, Said Ali Khan, was the principal witness on the stand at Thursday's trial of the Punjabi who is fighting to save his life. It was at Riley's house that the Domingo girl and Said Ali arrived one night about 1 o'clock and remained the rest of the night, occupying the kitchen wherein Riley placed a couch, and it was also he who wrote many letters for Said Ali, one of them on September 28th, asking the girl to come to visit him once more that he might make amends for the wrongs which he had done her.

When he first took the stand Riley proved an evasive witness and the attorneys for the defense made much capital of his evasiveness. The prosecution, however, continued to hammer away along the same line until finally the facts which it desired to bring from Riley's lips were related.

Practically every question of the prosecution called from Taylor an objection and the greater part of the morning was consumed with the objections and arguments attending them. Ormsby however came right back each time with another question and finally when the court reconvened in the afternoon the evidence which the prosecution spent the greater part of the morning fighting for was introduced and the intimate relationship existing between Rosa Domingo and her Punjabi lover was shown. That the girl had frequently visited the Punjabi's cabin, Riley was certain and he also told of the complaints made by Said Ali that the girl had taken his money and refused to live with him and then that he wanted to return her money which he had seized as he was sorry.

The fight of the defense to have the court rule out the testimony which went to show the relationship of the Punjabi and the girl was stubbornly waged by Taylor, but the rulings of the court were against him in almost every instance.

CORONERS JURY IS IMPANELED FOR OLEUM VICTIMS

Deputy Coroner Louis Howe was hastily engaged this afternoon in selecting the coroner's jury for the cases of J. Hallowell and A. Graves, the two Union Oil company employees who met their death in the disastrous fire that swept the company's plant at Oleum on the afternoon of December 9th.

Those who have been impaneled for the jury are J. V. Sylvester, Charles Johnson, Jack Woodward, T. H. Dunlap, T. E. Hawley, S. J. Alexander, T. J. Carron, A. E. Maxwell, J. G. Stout and R. A. Woods.

The dates of the inquests has not yet been set.

BANK INSTITUTE OFFICIAL HERE

H. J. Dwyer, of Milwaukee, president of the American Institute of Bank Clerks, was an interested visitor today in Richmond, making brief call at the First National Bank. He was accompanied by S. H. Kito, cashier of the First National Bank of Oakland; W. F. Morrish, assistant cashier of the First National Bank of Berkeley, and several other young Oakland bankers.

The American Institute of bank clerks is an educational organization with a very large membership, its purpose being to assist bank men to a high degree of efficiency in their profession. There are branches in all the large cities where regular evening and afternoon classes are maintained with capable lectures. Correspondence courses are also given. Practically every bank man in Richmond belongs to the organization and most of them are attending a course of law lectures this winter given in Oakland by Professor Harrison of the University of California.

Mrs. A. Wilson of Willets, will spend the holidays at the home of Mrs. C. E. Niedecker on the west side. During Mrs. Wilson's stay in this city Mrs. Niedecker will entertain at a number of whist and bridge parties in honor of her guest.

A building permit was issued to M. Dester today by City Architect Ogborn for the erection of a two story frame building at the corner of Park avenue and Richmond boulevard, which is to cost \$1,000.

WAS DROWNED BY RISING TIDE

M. E. MEAD, SALESMAN FOR McEWEN CORPORATION, MAKES GHASTLY FIND NEAR CUTTING CANAL — FACE MUTILATED, BUT IS IDENTIFIED

LARGE PARTY FROM SAN FRANCISCO, HEADED BY SAN FRANCISCO POLICE OFFICER, SEARCH BAY REGION FOR MISSING CAPITALIST

With just his head and shoulders visible above the surface of marsh lands at the foot of Sixth street, his clenched fists showing with what desperation he was used to free himself from the horrible death that he met, the body of Frank McEwen, the realty operator of this city and San Francisco, who has been missing for the past two weeks, was found yesterday afternoon by M. E. Mead, a salesman of the McEwen Bros. corporation, who had joined in the search for the missing broker.

The last seen of McEwen was on the evening of December 1st, when he visited this city, spending the evening at the home of his brother-in-law, George Hawkins, at 117 S. Fifth street. He remained at the Hawkins home until close to midnight when he left saying that he was going to catch the last car for Oakland. Going up town he dropped into a saloon remaining there until after 1 o'clock. Thinking that he had missed his last car, McEwen left the saloon and started for home, in company with Oscar Dahl.

Dahl left McEwen at the corner of Third and Chancery avenue to cut across the Oakland branch of the Santa Fe to his home. This was the last seen of him. He evidently wandered along Third street as far as Cutting boulevard, still in search of the Hawkins residence. Not finding it he wandered on in the night, each step taking him closer to his death in the marshy tidelands which surround the Cutting canal in the southern part of this city.

The body when found yesterday afternoon had a small tuft of grass clenched tightly in its right hand. It is the belief of the searchers that

YOUNG PEOPLE ELECT OFFICERS

The Young People's society of the Calvary Baptist church held its annual meeting at the home of Mrs. Search, 633 North Sixth street. After the report of the committees was heard and approved, the following officers were elected for the year beginning January 1st, 1914: Elmo D. Murphy, president; Mr. Ralph Lewis, vice-president; Miss Annie Woods, corresponding secretary; Miss Gladys Pearson, recording secretary; Miss Frances Search, treasurer. The social committee served delicious refreshments and all present pronounced the meeting successful and enjoyable.

"YOUR HIGHEST DESIRE," TOPIC

What do you like the most? What makes you like anything? To which one of your senses does it appeal? What is your highest desire? How near are you to that desire? What force in your life governs what shall be your highest desire? Consider these and like questions and come to the Calvary Baptist church on Sunday night and hear Rev. W. S. Stewart preach on the subject, "The Most Popular Sin in the World."

Yes, darling, dear, in the county they keep a bell on the cow to break the silence of field, forest and stream.

SANITARY BARBER SHOP OPENED UP

H. B. Jones has opened up a modern sanitary barber shop at number 710 Macdonald avenue. Of course the announcement of the establishment of a barber shop in our midst is not one whit remarkable, but this tenebrous establishment is to be conducted along the most up-to-date sanitary methods. Individual washstands, individual cups, individual razors. No chance for becoming infected with skin diseases. The shop will be strictly union and will keep union hours.

Older people get the less they are thought of. For instance, there is more grief than usual when a young person dies.

Richmond People Give Credit Where Credit is Due

People of Richmond, who suffer with weak kidneys and bad backs, want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only, and one that is backed by willing testimony of Richmond people. Here's a case:

Mrs. Mary C. Sutherland, 1829 Nevins Ave., Richmond, Cal., says: "I know that Doan's Kidney Pills are just what they are advertised to be. I advise all kidney sufferers to give them a trial. One of my family had kidney complaint for years and spent hundreds of dollars trying to find relief. Finally, Doan's Kidney Pills were used and they brought great benefit. It was remarkable how Doan's Kidney Pills so thoroughly relieved this case, after other remedies had utterly failed."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

SCHOOL CHILDREN WILL GIVE CANTATA

The children of the Lincoln school will give a Christmas Cantata, entitled, "Santa's Surprise," in the auditorium on Thursday afternoon, December 18th, at 2:30 o'clock and Friday evening, December 19th, at 7:30 o'clock.

The leading parts will be taken by Elsie Stubblefield, Dorothy Damon, Dorothy Davidson, George Kite, Willie Biggs, Frank Radcliffe and

Twenty states have published reports of their wood-using industries. A good grade of excelsior is being made from firekilled alpine fir and Engleman spruce in Colorado. It is predicted that western-yellow pine will furnish an excellent source of turpentine as the southern pine becomes exhausted.

PROGNOSTICATOR
PREDICTS LOTS
OF RAIN

SANTA CLART, Dec. 12.—This
section of the state may expect
a storm which will give consider-
able moisture during the next four
days, according to the Rev. Father
J. S. Ricard, the "Padre of the
Rains" of Santa Clara University.
The storm which hit Central Cali-
fornia late yesterday was predicted
by Father Ricard in his long-range
forecast for December, given out
November 29th. It is in reality a
disturbance predicted for Decem-
ber 4th and has been forming along
the North Pacific Coast in the Pac-
ific ocean since that time and grad-
ually working its way down to this
section. Father Ricard explains that
his long-range forecasts are based
on storms which usually form in
this manner and, therefore, occa-
sionally local conditions may inter-
fere with their southward course
and delay their arrival.

The storm today coalesces with
that predicted for December 4th and
will probably continue into another
disturbance given out in advance
as being due on this part of the
coast December 14th. The storm
of December 14th will however, pass
east without yielding much rain
or bad weather in this section. Mon-
day and Tuesday of next week are
likely to bring brilliant weather.
Father Ricard has received \$26
to date from admirers in Sacramen-
to, San Jose and San Francisco to
be used in the work of proving the
meteorological influence in the formation
of sunspots. In this connection a
new sunspot has been discovered
which will influence weather condi-

tions several weeks ahead. Its com-
ing will make slight difference in
the long-range forecast for Decem-
ber, but will not materially alter
the predictions.

The new sunspot is one of the
largest that has appeared in two
years. It has an area of 409,935-
709,169 square miles and has a

WILL BE SETTLED AMICABLY, SAYS DONNELLY

Superintendent Donnelly, of the Oakland Traction company, stated this morning to a Record-Herald reporter, that the request of the city council that east bound cars on his line stop at Sixteenth street instead of at the portals of the subway would be properly considered when the matter was brought officially to his attention. The report that his corporation had refused to accede to the demands of the city council was not true. The matter will probably come up before the next meeting of the council Monday evening, when Mr. Donnelly will appear before the board and will explain why cars are stopped at the entrance to the subway. The stop is merely made for safety's sake, according to Mr. Donnelly, in order that the motorman can see whether the coast is clear before entering the subway.

The Oakland Traction company is willing to do anything within reason, according to Mr. Donnelly, and there will be no difficulties in the way of adjusting the matter of stopping cars near the subway.

SENATOR OWENS RECEIVES SAD NEWS

Senator J. C. Owens, his sister, and Mrs. W. A. Boone, yesterday received the sad intelligence by wire that their father, John S. Owens, had passed away at Maysville, Ky., after an illness of two months.

The elder Owens was 75 years of age at the time of his death. He leaves eight children, all grown, to mourn his loss.

Senator Owens was greatly shocked by the receipt of the sad news, as he had only recently visited his old home and his father was looking forward to many more years of useful life.

Telltale Marks

Finger prints are convincing evidence, but they may be evidence of good deeds as well as bad. For example, the finger prints on a Christmas present are proof of a good deed. The recording angel will see them if nobody else does. They will thus be accepted in the highest court. Have you put these telltale marks on Christmas presents this year? If not, it is high time to begin. Fingers can be used for few higher purposes than in picking Christmas gifts for our friends. But be sure to get your finger prints on the things BEFORE THEY HAVE BEEN PAID OVER BY EVERYBODY ELSE. If you wait, there will be so many finger marks on the goods that it will be hard to distinguish yours from the rest.

Northman & Keller tract, in the northwest section of the city, and more are projected for the early spring. They are energetic hustlers and have sold off nearly all of the tract, and wouldn't mind buying another.

The Richmond Harbor Realty company, with offices in the Pacific building, San Francisco, are making a stir in harbor lots on their tract near Stege. They have out some attractive literature. The land adjoins the match factory.

Crowds continue to come over from San Francisco every Sunday and parade the Burg tracts, at Twenty-third street and Macdonald avenue, rain or shine. Those fellows are certainly wizards when it comes to selling land.

Vast improvements are being contracted for the Ellis Landing and Dock company's tract on the inner harbor. They are to be the most extensive improvements ever made on a similar tract here or elsewhere in this section, embracing a small fortune. Emanuel and Palmer never take two bites at a cherry.

Fay has a lot of cards up his sleeve for the springtime, in the way of new home places on Arlington Terrace. Meantime he keeps right on selling lots, just as though it was not the rainy season.

And now there is a persistent rumor that the Sixth street car line will be extended in the spring, to tap the factory district in the northern section of the city. It certainly ought to be.

The big improvements on the Owens tract continue right along, and are making a big improvement in that section of the city. The senator takes a great pride in that tract and expects to do big things here during 1914.

Dan McLaughlin, Henry Cutting and Sheriff Veale, who have been putting in a month at the national capital in the interest of Richmond's harbor project, are all sanguine of success and an appropriation at this session of congress. Anyhow, if it don't come this session it will not be the fault of those tireless workers in its behalf.

Hayes & Hopping will put up a three-story brick block on the Nicholson-McDonald tract next season. They are good fellows and we are glad to see them prosper. Glad to see everybody prosper.

Rumor has it that a whaling big business block is to go up on the corner of Macdonald avenue and Tenth street in the spring.

Real estate transfers continue to show that deals in Richmond dirt are going right along irrespective of tariff or any other old congressional enactments.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and thickness. Common garden sage grew into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. For sale by all druggists—Adv.

WILL BE SETTLED AMICABLY, SAYS DONNELLY

ORPHEUM

A delightful treat is being enjoyed by the Orpheum patrons this week in the production of Sir James H. Barrie's beautiful play, "Pantomime," in which Mlle. Dazie is the star. There is rare art in the production from every point of view. The fact that Barrie wrote the play is proof enough of its literary quality, while Mlle. Dazie's fame insures an artistic performance in her role of "Columbine." The pantomime is one of the most pretentious productions staged on the Orpheum in many months, and by its high standard illustrates the excellence that modern vaudeville has attained.

Beautiful girls are in evidence in unusual numbers on the Orpheum program this week. Edna Munsey, a stunning girl with a beautiful voice has a prominent place on the bill.

Burdella Patterson, who poses for a series of wonderfully quaint and beautiful art pictures, is one of the world's most famous models, beautiful in face and form.

Magelle Lewis is another dainty dancer whose smartness as a comedienne when joined with Paul McCarthy's cleverness as a pianist and singer, make up a splendid vaudeville act.

Miss Lovell Alice Taylor, famed for her beauty and talent is a star member of the galaxy of brilliant women on the Orpheum stage this week. Miss Taylor is registering a pronounced hit with Austin Webb in Willard Mack's new play, "My Friend."

Ray Bailey, a charming singer and dancer with Dave Genaro, a great artist, both as singer and dancer, offer some delightful specialties. Stuart Barnes, the king pin of monologists, is the big fun-making feature of the bill.

The management announces that the American nightingales, Marie and Mary McFarland, will head the program next Sunday.

CHURCH FOOD SALE IS A BIG SUCCESS

The food sale held in the Wundelrich building yesterday by the ladies of the First Methodist church proved to be one of the biggest events held by the ladies of that church for some time.

At a late hour yesterday afternoon a dinner was served by the ladies in charge of the affair. The committee which had charge of the food sale and dinner are as follows:

Mrs. I. B. Titen, chairman, assisted by Mrs. Will Arnold, Mrs. S. H. Harley and Mrs. Geo. Conley. The candy sale was conducted by Miss Trannio Freeman, while the guests and visitors were received by Mrs. Adams, who was assisted by the waitresses, Misses Lyra Freeman, Bernice Barnes, Corrinne Hartley and Verna Scott. Mrs. J. Lester, the president of the Aid was much pleased with the results of the affair, which brought a neat sum into the treasury.

JOHN LUCY HIT BY S. P. TRAIN

MARTINEZ, Dec. 12th.—John Lucy of many years past an employee of the Southern Pacific at Port Costa was struck and probably fatally injured by an S. P. train on the main line between Port Costa and Crockett shortly after 9 o'clock Tuesday night as he was riding a railroad "speeder" to Crockett.

Immediately after the accident and before a surgical examination could be made Lucy was rushed to the railroad hospital in San Francisco. Lucy has for many years been a well known resident of Port Costa where he has a wife and four children. He is about 40 years of age.

The man who started the theory that tobacco smoke is beneficial to a woman's house plants would be successful as ambassador to an unfriendly country.

SUPERVISORS TO HAVE JOINT MEETING

MARTINEZ, Dec. 12.—A joint meeting of the boards of supervisors of Contra Costa and San Joaquin counties at which the direct road across Victoria Island, between the two counties, will be discussed, is scheduled to be held in Martinez on next Monday.

In an agreement filed yesterday J. L. Borden agreed to pay one-third of the cost of construction of the grade, not to exceed \$5000, and to grant to the county a 200-foot right-of-way across Victoria Island. Borden will also pay a portion of the cost of all bridges, which is not to exceed the sum of \$40,000.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink. For sale by all druggists.—Adv.

McEWEN BODY FOUND IN BAY

(Continued from page one.)

he walked farther and farther out into the misty marshlands gradually sank deeper and deeper into the soft mud vainly trying to extricate himself by grasping at a few small tufts of grass.

A search had been instituted in all the sloughs and bay shore regions on the eastern side of the bay, but as no new clues could be brought to light, Detective Sergeant Dowd, of the San Francisco police, came to this city to make a more diligent search of the marsh and bay regions around this city.

Gathering a corps of searchers together he set out to search the marshes surrounding the Cutting canal. Mead, who had joined the searching party, wandered off from the main party and going in the direction of the Richmond Navigation company's warehouses, noticed the flapping of a coat moving below the service of the water. Meade waded out to the object. Grasping the end of the coat he pulled and slowly had the head and shoulders of the victim above the water.

Although the fish and tides had mutilated McEwen's face he was readily recognized by his suit, which Dahl remembered seeing him wear the night before.

Deputy Coroner Howe was immediately summoned to the scene and the body removed to the Smallwood undertaking parlors. McEwen was 46 years of age, a native of San Francisco and a member of the realty firm of McEwen Bros., with offices in this city.

He resided on Clayton street in San Francisco, and is survived by a wife and three daughters, ranging in ages from 2 to 15 years.

LOW AWNINGS MUST GO BY NEXT MONDAY

All property owners will have to keep their trees and shrubbery pruned to within seven feet of the sidewalk, and all merchants having awning will be compelled to keep them at a height of seven feet above the sidewalk, in order not to interfere with passing pedestrians. Such was the statement made to a representative of this paper today by Assistant Superintendent of Streets Frank Welch.

The street department will commence the enforcement of the new ordinance on Monday morning. A large number of people in this city have been complaining of the trees and awnings hanging so close to the sidewalk that their passing has been considerably hampered.

SUIT FILED TO QUIET TITLE

MARTINEZ Dec. 11th.—E. V. Surge of Richmond this morning filed suit in the superior court against Mary Hogan and A. J. Hogan to quiet title to lots 7 and 8, block C, of the Richmond tract.

DECEMBER NUMBER OF SEQUOIA OUT

The December number of "The Sequoia," the monthly boost paper published by the Sequoia Commercial club of this city and edited by Secretary H. H. Turley, is out. Among the interesting items embellishing the pages of the publication we clip the following concerning new developments along industrial lines in Richmond:

"Every month adds prospects of new smoke stacks until eventually this 'Pittsburg of the West' will equal the 'Pittsburg of the East.' It is not always best to tell all about these manufacturing concerns with whom we are negotiating for sites until the final papers are signed up or they are located on their sites, but we want you to know there are plenty of them coming this way at present.

"Papers will be signed up with a manufacturer of a combination heater and boiler within the next few days, also arrangements are about closed for an assembling plant for an automobile truck. Another concern was looking for a site of six and one-half acres yesterday.

"The 'A Auto company' is just about ready to have their buildings moved down from Sacramento.

"We are in daily correspondence with various manufacturing concerns in the east who are looking our way."

The postoffice department has notified Postmaster Jenkins that a supply of burlap sacks have been secured for use during the holiday season for carrying parcels. The department was obliged to report to this makeshift on account of the unprecedented parcels post and other business this year.
